

Grades 2 & 3: I Am The Power Of One!

Verse 1

I can do that better
I got a better grade.
I'm faster and I'm smarter.
Mine is better made.
I was only joking.
I didn't mean to say.
It started out as poking.
It's really not okay.

Refrain

I am the power of one
The choice is up to me
I understand how it feels
When things aren't going easy
Good or bad, words are strong
Though some things are said in fun
I can't take back the words I've said
I am the power of one!
I am the power of one
I am the power of one

Verse 2

When they talked behind my back
And made fun of me
It made me feel really bad
But they thought it was funny.
They were only joking
They didn't mean to say
Anything to put me down
And make me feel that way.

Refrain

I am the power of one
The choice is up to me

I understand how it feels
When things aren't going easy
Good or bad, words are strong
Though some things are said in fun
I can't take back the words I've said
I am the power of one!
I am the power of one
I am the power of one

Verse 3

I choose to stand beside you
Not to tease or laugh
I choose to include others
And follow my own path
I choose to use my words
I choose to try and see
The good in other people
and the good in me

Refrain

I am the power of one
The choice is up to me
I understand how it feels
When things aren't going easy
Good or bad, words are strong
Though some things are said in fun
I can't take back the words I've said
I am the power of one!
I am the power of one
I am the power of one
